# Presto Monitor Trim-Lift

The PRESTO MONITOR TRIM-LIFT is a manually operated device designed to support TV Monitors and Computer Screens in free standing desks, workstations and cabinetry. When the monitor is not in use, it easily 'pushes' down into the desk to maximize the desktop space.

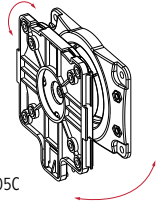

## 9810D

Features	Benefits
Convenient, secure storage	Maximizes desktop area when monitor is not in use
Ideal for any size monitor up to 14 lbs	Versatile design accommodates larger monitors
Ideal for educational applications	Great for use when switching between desktop space to computer screen when computing use is required
Multiple hole mounting configuration on fixed mounting plate provides ample attachment points for any mounting application	Multiple hole mounting choices provide several different options for any type of mounting configuration
Simple to operate "Push to Open, Push to Lock" feature provides positive locking in stored position	Does not require levers, handles or buttons to actuate
Six VESA mounting positions will accept 75mm x 75mm and 100mm x 100mm screen mounting patterns	Multiple mounting options allow greater adaptability for any type of monitor
Optional universal swivel adaptor providing screen tilt, swivel and rotation (part number 9805C)	Swivel adaptor provides the end user with multiple angle options for the monitor
Five 1 lb. weights are provided to counterbalance from 9 to 14lbs Optional counterweight kit available (3 x 2 lbs - part number 9801A)	Simple adjustments to weights will provide monitor with smooth counterbalance control
Optional top cover "L" bracket with slotted holes for adjustment (part number 9801B)	Allows for easy installation and adjustments of user supplied top cover.

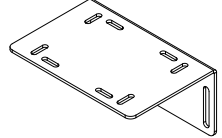

# 9810D

15° of motion in all directions with optional 9805C

'L' Bracket (optional) 9801B

## Presto Monitor Trim-Lift

### Ancillary Products:

- Use with ISE CPU holders
